

## OLD FOLKS NEED "CASCARETS" FOR LIVER, BOWELS

Salts, calomel, pills act on bowels like pepper acts in nostrils.  
Enjoy life! Don't stay bilious, sick, headachy and constipated.

Most old people must give to the bowels some regular help, else they suffer from constipation. The condition is perfectly natural. It is just as natural as it is for old people to walk slowly. For age is never so active as youth. The muscles are less elastic. And the bowels are less active.  
So all old people need Cascarets. One might as well refuse to aid weak eyes with glasses as to neglect this gentle aid to weak bowels. The bowels must be kept active. This is important at all ages, but never so much as at fifty. Age is not a time for harsh physics. Youth may occasionally whip the bowels into activity. But a lash can't be used every day. What the bowels of the old need is a gentle and natural tonic. One that can be constantly used without harm. The only such tonic is Cascarets, and they cost only 10 cents per box at any drug store.—Advertisement.

## SAYS HOT WATER WASHES POISONS FROM THE LIVER

Everyone should drink hot water with phosphate in it, before breakfast.

To feel as fine as the proverbial fiddle, we must keep the liver washed clean, almost every morning, to prevent its sponge-like pores from clogging with indigestible material, sour bile and poisonous toxins, says a noted physician.  
If you get headaches, it's your liver. If you catch cold easily, it's your liver. If you wake up with a bad taste, furred tongue, nasty breath or stomach becomes rancid, it's your liver. Sallow skin, muddy complexion, watery eyes all denote their uncleanness. Your liver is the most important, also the most abused and neglected organ of the body. It performs its function or how to release the damaged-up body waste, bile and toxins. Most folks resort to violent calomel, which is a dangerous, salivating chemical which can only be used occasionally because it accumulates in the tissues, also attacks the kidneys.  
Every man and woman, sick or well, should drink each morning before breakfast, a glass of hot water with a teaspoonful of limestone phosphate in it, to wash from the liver and bowels the previous day's indigestible material, the poisons, sour bile and toxins; thus the liver, cleansing and freshening the entire alimentary canal before putting more food into the stomach.  
Limestone phosphate does not restrict the diet like calomel, because it can not salivate, for it is harmless and you can eat anything afterwards. It is inexpensive, and any pharmacist will sell you a quarter pound, which is sufficient for a demonstration of how hot water and limestone phosphate cleans, stimulates and freshens the liver, keeping you feeling fit day in and day out.—Advertisement.

## BE PRETTY! TURN GRAY HAIR DARK

Look young! Nobody can tell if you use Grandmother's simple recipe of Sage Tea and Sulphur.

Almost everyone knows that Sage Tea and Sulphur, properly compounded, brings back the natural color, and lustre to the hair when faded, streaked or gray; also ends dandruff, itching scalp and stops falling hair. Years ago the only way to get this mixture was to make it at home, which is messy and troublesome. Nowadays, by asking at any drug store for "Voth's Sage and Sulphur Compound," you will get a large bottle of this famous old recipe for about 50 cents.

Don't stay gray! Try it! No one can possibly tell if you darkened your hair, as it does it so naturally and evenly. You dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, and after another application or two, your hair becomes beautifully dark, thick and glossy.—Advertisement.

## Cured His RUPTURE

I was badly ruptured while lifting a trunk several years ago. Doctors said my only hope was in an operation. I tried Trusses did me no good. Finally I got hold of something that quickly and completely cured me. Years have passed and the rupture has never returned, although I am doing hard work as a carpenter. There was no operation, no loss of money. I have nothing to sell, but will give full information about how you may find a complete cure without operation. If you write to me, Eugene M. Pullen, Carpenter, 2853 Marshall Avenue, Chicago, N. J. Better cut out this notice and show it to any others who are ruptured—you may save a life or at least stop the misery of rupture and the worry and danger of an operation.—Advertisement.

## SPLIT ON ROUTE

Jefferson Highway Delegates Meet in New Orleans.

Plans for an International Thoroughfare Formulated.

## TWO ROUTES ARE PROPOSED

One Would Come Through Parsons and K. C., Kan.

Other Route Would Follow Trail Over the Ozarks.

New Orleans, La., Nov. 16.—Good roads advocates from Mississippi valley states and the Canadian province of Manitoba, here to organize the Jefferson highway association, through which it is proposed to construct an international thoroughfare from New Orleans to Winnipeg, voted yesterday to leave the selection of the route to a board of directors, which will consist of one vice president and three members from each state.

Two routes for the proposed highway are under consideration. The Oklahoma, or Parsons, route runs from New Orleans to Shreveport, La., through Durant, Texas; Muskogee, Okla.; Parsons, Kan.; and Kansas City, Kan.; Omaha, Neb.; Sioux Falls, S. D.; and Fargo, N. D., to Winnipeg, Minn. The other route runs from New Orleans to Shreveport, La., through Fort Smith, Ark., Joplin and Kansas City, Mo.; Des Moines, Iowa, and St. Paul, Minn.

## Factions Split.

Former United States Senator La-Payette Young, of Des Moines, was appointed temporary chairman, and Walter Parker, of New Orleans, secretary at the opening session of the convention. Strong delegates from Missouri, Kansas, Oklahoma and Texas, lined up into two well organized factions, immediately after the selection of the temporary officers and with the aid of supporters of the two competing routes, fought over all the convention's business. In the early stages, the faction favoring the Oklahoma route gained the advantage, forcing the adoption of a method favored by that faction for the organization of the convention. It was unsuccessful, however, in its attempt to have its route for the highway selected by vote of the convention. Chairman Young submitted to the convention the names of nine delegates to form the committee on permanent organization, declaring that an informal caucus had decided on the persons named. Ratifications of the proposed committee were strenuously objected to by the Oklahoma faction, and led by D. M. Fink, of Muskogee, the western advocates succeeded in having the convention adopt the method of appointing one representative from each state as a member of the committee on credentials, rules and permanent organizations. The committees were organized as follows:

**The Committees.**  
Credentials, F. H. Parrish, Nebraska; Herman Roe, Minnesota; Robert Dick, Oklahoma; W. N. King, Texas; Jake Shepard, Kansas; E. J. King, Missouri; Alexander Grouchy, Louisiana; Dr. S. A. Weltner, Arkansas; H. H. Polk, Iowa.  
Rules, R. M. Manley, Nebraska; Senator T. E. Cashman, Minnesota; A. L. Churchill, Oklahoma; B. K. Coghlan, Texas; H. H. Shepard, Iowa; E. J. King, Kansas; John M. Malang, Missouri; Walter Parker, Louisiana; S. M. Dickey, Arkansas.  
Organization, R. K. Brown, Nebraska; J. H. Beck, Minnesota; W. L. Biggs, Oklahoma; W. N. Harrison, Texas; W. A. Hopkins, Iowa; C. F. Scott, Kansas; C. F. Adams, Missouri; W. L. Polk, Louisiana; E. M. Dickey, Arkansas.

North and South Dakota were not represented on the three committees, but the convention adopted a resolution to elect from each of those states a vice president and three directors. With the Dakotas represented in the directorate, advocates of the Oklahoma route claim they will control the board.

The convention will close today.

## ON A HARMONY TOUR

Santa Fe Officials Leave for Western Kansas and Colorado.

A number of Santa Fe officials began a harmony tour of Kansas and Colorado today. The party, in a special train, opened at Sylvia, Kan., this morning. The Topeka officials in the party left late last night for the west. The party includes F. C. Fox, Amador, general manager of the western lines; H. A. Tice, Dodge City, division superintendent; D. W. Orr, La Junta, division superintendent; Charles A. Walsh, Dodge City, division freight agent; Charles S. Gled, a director; E. E. Koonz, general freight agent; E. J. Copeland, secretary and treasurer; J. M. Connell, general passenger agent; W. W. Strickland, freight auditor; Judge W. R. Smith, solicitor for Kansas; and J. B. Jarrell, publicity agent, all of Topeka.

These Santa Fe men will preach the gospel of harmony to the business men and farmers in western Kansas and Colorado.

## WORK ROADS IN GOVE

Thirty Miles of Highway Near Quinter To Be Graded.

Quinter, Kan., Nov. 16.—Good roads is an important issue with the Quinter people. At a large and enthusiastic meeting an organization was perfected and the following officers were chosen: H. H. Wigner, president; H. H. Turtle, vice president; Leslie McElhinney, secretary, and H. U. Porter, treasurer.  
It was mutually agreed that the township board grade the Golden Belt through the township, about nine miles, thus making it a county road, and the business men of the township grade a like number of miles on the other roads leading out of the town. The farmers are expected to do much of the road leading to the town, as much or more than the business people succeed in their plans it will result in the grading of about thirty miles of road leading to the town. The work is to be done by a contractor, who has already started upon his work.  
Quinter is one of the prosperous Gove county towns, where they raised good wheat, corn and all sorts of forage. Threshing is about two-thirds completed, and is turning out well. Wheat drilling is about three-fourths done. The grain already sown is in fine condition, and no sign of Hessian fly or any insect. Corn is in good crop and husking out from thirty to sixty bushels an acre. All kinds of feed stuff is plentiful. Hands are scarce and wages good.

## BAN ON MILITARY TOYS

Wichita Would Substitute Play Engines for Toy Cannon.

Wichita, Kan., Nov. 16.—Santa Clause will distribute no military toys in Wichita next Christmas if a movement inaugurated among the Parent-Teachers' association here meets with response.

It is pointed out that "America's mission in the world today is to promote peace" and that we can not look to future generations to carry out the idea if we instill thoughts of war, and its glories, in childhood. It has been suggested that "toys of progress," instead of those of war, be purchased. Railroad engines, miniature pieces of farm machinery and other toys which may breed industry should be used instead, it is said.

## THREE SCHOOLS IN DEBATE.

Iowa, South Dakota and K. S. A. C. To Meet This Week.

Manhattan, Kan., Nov. 16.—A tri-state debate, November 19, with the Iowa State college, the University of South Dakota and the Kansas State Agricultural college competing, will be the first varsity debate of the season.

Last year the Kansas State Agricultural college won from Ames and lost to South Dakota. The local debaters are working hard with a view to making the two "wins" this time. A question to be discussed is: Radio, the telegraph and telephone systems of the United States should be owned and operated by the federal government, as a part of the postal service.

Those on the affirmative team who will represent the Agricultural college against Ames at the college are: Captain, Floyd Hawkins, of Marysville; L. A. Dubbs, of Emporia; J. E. Rathbun, of Downs, and alternate, Arthur Boyer, of Scranton. Those who will go to Vermillion, S. D., to wage a battle of words against the South Dakotans, and who will take the negative side of the question are, Captain, Jay Lusk, of Ames; G. C. Gibbons, of Topeka; V. E. Bundy, of Manhattan, and alternate, F. J. Nettleton, of Lenora. Dr. J. R. MacArthur, debating coach here, will accompany the negative team to South Dakota.

## DR. HIBBARD TO SPEAK.

Wisconsin University Man at K. S. A. C. During Farm and Home Week.

Manhattan, Kan., Nov. 16.—A feature of the Farm and Home week at the Agricultural college December 27 to 31 will be the lectures on rural credit and farm economics to be delivered by Dr. E. H. Hibbard, professor of agricultural economics in the University of Wisconsin.

Doctor Hibbard for twelve years was head of the department of economics in the Iowa State college, spent a year in Europe studying the co-operative movements on the continent, and later became professor of agricultural economics in the University of Wisconsin. He has made a special study of rural credit and has published one of the best bulletins on this subject in the country. His address on rural credit will be delivered before the general assembly Thursday morning, December 30. In the afternoon, he will conduct a conference period in the rural life conference, when the subjects of co-operation, marketing, and other economic community projects will be discussed. Doctor Hibbard is an entertaining and fluent speaker and handles subjects of unusual interest to Kansas people at the present time.

## INCREASE SHOWN AT K. U.

Enrollment for Present Year Exceeds 1914 by 156 Students.

Lawrence, Kan., Nov. 16.—One hundred and fifty-six more students are enrolled at the University of Kansas than at the corresponding time last year, the number being 2,806, four less than that for the whole of last year. Two of the schools show a slight decrease while the others show increases varying from two to ninety-two students.

One hundred and eight are taking graduate work this fall, that number being four more than last year; 1,567 are enrolled in the college of liberal arts and sciences, an increase of twenty-two over last November; in the school of engineering a slight decrease is shown, those taking the work there falling from 430 to 413.

## BUILD MOVIE AT MANKATO.

Finest Theater Between Topeka and Denver Being Planned.

Mankato, Kan., Nov. 16.—Mankato is to have a new, modern movie theater. J. P. Fair, president of the Mankato National bank, will build a new theater on a lot adjoining his bank. Plans are being prepared. The building will be twenty-five feet wide and 100 feet long and will have 350 seats of the latest patterns will be installed. N. B. Morris and son, Verner, have leased the building and will operate the picture show. Mr. Morris expects to have the finest theater of this kind between Topeka and Denver.

## Burns, Bruises Inflammation!

Kam-E-Thol Works Into the Skin—Works Out the Pain!

Kam-E-Thol penetrates! Cleanses any burn, cut or wound thoroughly. Then apply Kam-E-Thol liberally to affected parts and bandage with a soft, clean cloth saturated with Kam-E-Thol. The soothing comfort and quick relief will surprise you.  
Nothing equals Kam-E-Thol for Cuts, Burns, Bruises, Scratches, Inflammation and Sore Throat. Kam-E-Thol is safe and pleasant to use internally or externally. For Sore Throat Kam-E-Thol makes a very effective gargle.

Kam-E-Thol is a strong antiseptic, germicide, and perfect deodorant. It is a pure combination of camphor, menthol and other healing medicinal ingredients.  
Always keep a bottle of Kam-E-Thol in your home. Most druggists sell it. If yours has no supply on hand, send us his name and 25c and we will send you a large size bottle direct. Your money back if you are not thoroughly satisfied. (9)

The Kamethol Laboratories Co., Neodesha, Kan.

## THE ONLY SON

Without a doubt the Edward Lynch Players, who opened a two weeks' engagement at the Grand theater last night with a presentation of "The Only Son" is the best stock organization that has played Topeka. Of course one would not compare the troupe with a Shubert or Klaw & Erlanger company but when there is a comparison made with such as the North Brothers or the Emma Bunting companies the players who come from Omaha, Neb., must be recognized.

And it will not be necessary for the stock patrons of the city to take the writer's word for the merits of the company. The audience that greeted the play last night warmed up to the players in a surprising manner. Topeka audiences are usually cold to a new company and the appreciation expressed last night is the best indication that at last Topeka has a stock company that will rank with the best of them.

Winchell Smith's "The Only Son" is an excellent vehicle for the company. The story is an interesting one and gives Mr. Lynch and Ione McGrane, the leads, an opportunity to show their ability to good advantage. Mr. Lynch's manner is easy and his interpretation of the son, a spendthrift youth who defies his mother from shame and finally amasses a fortune, is pleasing.

Miss McGrane reads her lines particularly well and her stage appearance is all that could be asked for. Her wardrobe is extensive and modest.

Hollister Pratt, as the secretary, and James O'Neill, who interprets the part of the relentless father, did good work in the piece. The other members of the company are above the average of stock players.

The staging of the production was tastefully done. The company has a fine scenic artist and each act is a faithful reproduction of the scenery that was used in the original play two years ago when Edward Ross was seen here as "The Only Son."

Next week Billie Burke's success, "My Wife," will be the offering.

—E. W. W.

## SIX OVER THE ROAD

Judge Whitcomb Sentences a Half Dozen Convicts to Penitentiary.

Six convicted or self confessed criminals were sentenced in the second division of the Shawnee county district court by Judge George E. Whitcomb Monday afternoon. Fred Gentry, found guilty of assault with intent to kill, was sentenced to the penitentiary. Ed Green, found guilty of a charge of assault with intent to kill, was sentenced to the penitentiary. Floyd Carter, convicted persistent prohibitory law violator, was sentenced to one year at Lansing. (Skunk) Wisdom, convicted persistent liquor law violator, was sentenced to one year in the penitentiary. Pearl Harris, found guilty of assault with intent to kill, was sentenced to the penitentiary. John Jordan, convicted of burglary and larceny, was sentenced to from five to ten years at Lansing.

Mabelle Bridges did not appear to receive sentence for prohibitory law violations. Her bond was declared forfeited and a warrant for her arrest was issued.

## Snow Falls at Chicago.

Chicago, Nov. 16.—Two inches of snow fell here early today, the first of the season.

## SAVE YOUR HAIR! 25-CENT BOTTLE STOPS DANDRUFF

Every bit of dandruff disappears and hair stops coming out.

Try this! Your hair appears glossy, abundant, wavy and beautiful.

Thin, brittle, colorless and scraggy hair is mute evidence of a neglected scalp; of dandruff—that awful scourge.

There is nothing so destructive to the hair as dandruff. It robs the hair of its luster, its strength and its very life; eventually producing a feverishness and itching of the scalp, which if not remedied causes the hair roots to shrink, loosen and die—then the hair falls out fast. A little Danderine tonight—now—any time—will surely save your hair.

Get a 25-cent bottle of Knowlton's Danderine from any drug store or toilet counter, and after the first application your hair will take on that life, luster and luxuriance which is so beautiful. It will become wavy and fluffy and have the appearance of abundance, an incomparable gloss and softness; but what will please you most will be after just a few weeks' use, when you will actually see a lot of fine, downy hair—new hair—growing all over the scalp.

Danderine is to the hair what fresh showers of rain and sunshine are to vegetation. It goes right to the roots, invigorates and strengthens them. Its exhilarating and life-producing properties cause the hair to grow long, strong and beautiful.—Advertisement.

### The Crosby Bros Co

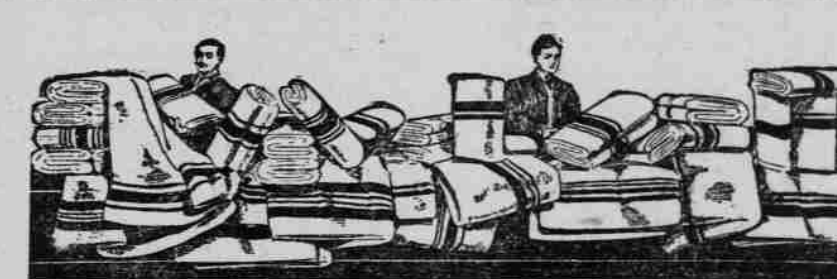

Only Topeka Store That Closes Saturday at 6 o'Clock the Year 'Round

## An Array of Great Bargains In Blankets and Cotton Goods

Better Opportunities to Save Money Are Seldom Available—Better Buy a Sufficient Supply to Last for Some Time to Come

## New Treatment for Bronchitis, Asthma, Catarrh and Head Colds

Vick's "Vap-O-Rub" Salve Relieves by Inhalation and Absorption.

No Dosing.  
No need to take internal medicines or habit forming drugs for these troubles. When Vick's "Vap-O-Rub" Salve is applied to the heat of the body, soothing, medicinal vapors are released that are inhaled all night long through the air passages to the lungs. In addition, Vick's is absorbed through the skin, relieving the tightness and soreness.

Vick's can be applied over the throat and chest and covered with a warm flannel cloth—or a little put up the nostrils—or melt a little in a spoon and inhale the vapors arising. Also for Asthma and Hay Fever, rub Vick's well over the spinal column to relax the nervous tension. 25c, 50c, or \$1.00.

### VICK'S "VAPORUB" SALVE

You Can Stop Drinking Very Effective Method for Banishing Hairs

(Modes of Today)  
At very little cost any woman can rid her face of hairy growths, if she will use the delatone treatment. This is made by mixing some water with a little powdered delatone. The powder is spread upon the hairy surface for 2 or 3 minutes, then rubbed off and the skin washed, when every trace of hair will have vanished. No harm results from this treatment, but care should be used to buy real delatone.—Advertisement.

ORRINE is for home use, thus making loss of time at a sanitarium unnecessary. Costs only \$1.00 per box. Call at our store and get a free booklet on ORRINE. Geo. W. Stansfield, 632 Kansas Ave.—Advertisement.

State Journal Brings Large Returns.
